

As a taxpaying citizen, I am writing this letter to voice my complaint about increasing media bias! A blatant example of media bias is the recent decision of Sinclair Broadcasting's to "force" their stations to air an anti-Kerry documentary days before the election. A one-sided program like "Stolen Honor" does not serve the public interests. Since Sinclair station uses public airwaves free of charge, they should be required BY LAW to serve the general public interest, in a non-biased manner.

I am so tired of seeing large companies control the airwaves and decide for me in a biased, partisan manner what I'm allowed to see. Media consolidation like this is truly a danger to our democracy!

Please stop Sinclair from airing this one-sided story and put a "true" piece of journalism in it's place. Also, please DO NOT renew Sinclair's license. We need to strengthen media ownership rules now, not weaken them. Thank you.
